

MAYOR JERRY SANDERS PRESS RELEASE

FOR IMMEDIATE RELEASE

September 20, 2007

SANDERS APPOINTS FRANK LANDRY AND ALI SADRE TO THE BOARD OF BUILDING APPEALS AND ADVISORS

SAN DIEGO – Mayor Jerry Sanders has appointed Frank Landry and Ali Sadre to the Board of Building Appeals and Advisors, subject to City Council confirmation.

Frank Landry, AIA, LEED AP is a California Licensed Architect and has more than 20 years experience in commercial and residential design. His areas of expertise include large commercial and small to large-scale residential projects. Mr. Landry is currently a Senior Project Architect/Project Manager for Childs Mascari Warner Architects in Little Italy. As a Project Architect, Mr. Landry has worked on numerous projects including the DiamondView Tower Office Building at Petco Park, Caltrans District 11 New Headquarters in Old Town, Peregrine Systems Headquarters, Carmel Valley Corporate Center, 350 W. Ash Condominiums, and the USMC Reserves Training Facility in Seal Beach, California. Mr. Landry became a California Licensed Architect in 1997 and is also registered in Arizona and Hawaii.

In addition to Mr. Landry's comprehensive understanding of building codes and permitting processes, he is also a LEED Accredited Professional and adept at sustainable and energy efficient design standards. Mr. Landry is also a Supplemental Exam Commissioner for the California Architects Board and member of the American Institute of Architects. Mr. Landry will serve as the required Architect for this Board and will replace Auturo Castro, who is termed out, for a term expiring March 1, 2008. Mr. Landry resides in the College Area.

Mr. Ali Sadre is a Project Structural Engineer for the EsGil Corporation where he is responsible for the review and analysis of structural design and building plans for compliance with the Uniform Building Code and Title 24 life-safety, structural, and seismic provisions. With more than 22 years experience as a Civil/Structural Engineer,

Mr. Sadre has worked on a wide range of projects including high-rise, multi-residential, commercial, schools, hospitals, hotels, casinos, sports arenas, infrastructure, and alternative material construction.

Mr. Sadre was awarded a Bachelor of Science degree in Civil Engineering in 1980 and a Masters of Science degree in 1981 from the Georgia Institute of Technology, and is a certified Civil Engineer, Structural Engineer, Building Inspector, Combination Dwelling Inspector, and Plans Examiner. He is also an active member of the American Concrete Institute, American Society of Civil Engineers, Applied Technology Council, Earthquake Engineering Research Institute, and Structural Engineers Association of California. In addition, Mr. Sadre has a California Teaching Credential in Engineering, Science and Mathematics. Mr. Sadre will serve as one of the two required Civil Engineers for this Board and will replace Jean Marie Libby, who is termed out, for a term expiring March 1, 2008. Mr. Sadre resides in La Jolla.

Also, the Mayor has designated Mr. John Littrell as the Chair of the Board of Building Appeals and Advisors. Mr. Littrell has been actively serving on the Board for almost six years.
